DETAILED ACTION

1. Claims 1-9, 11-19, 21 and 22 are pending. Claims 1-9 remain withdrawn from consideration as drawn to a non-elected invention. Applicant cancelled claims 10 and 20.

Specification

2. The substitute abstract of the disclosure is acceptable.
3. Applicant's October 25, 2005 Amendment and REMARKS have been reviewed. The previous Office Action is withdrawn pursuant thereto.

Claim Rejections - 35 USC § 103

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 11-19, 21 and 22 rejected under 35 U.S.C. 103(a) as being unpatentable over Joao, US 6,047,270.

Joao discloses an apparatus comprising a memory, e.g. Abstract, a processor, e.g. Abstract, a transmitter, e.g. communication device 4, a time limit, e.g. step 40, and charge-back information, e.g. step 141, claims 4, 13, 23, 36, 54, 60, 66, 75, for a good, product or service. Joao does not disclose the term an information report.

Official Notice is taken that providing an information report associated with electrical communication apparatus has been common knowledge in the art. To have provided such for Joao would have been obvious to one of ordinary skill in the art. The motivation for having provided such would have been to transfer common knowledge data from a point-of-sale (pos) transaction. Further Official Notice is taken regarding the other claim limitations from the dependent claims. Each of these features recited, e.g. claim 12 – receiving account shipment information pursuant to a transaction – has been common knowledge in the business transaction art. To have provided the apparatus of Joao to carry out one of the alternative recitations in view of this Official Notice would have been obvious to one of ordinary skill in the art.

6. A further reference of interest is noted on the attached PTO-892.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
